

FCC,

My name is Robert Sherrard a loyal listener of K-LOVE radio. I enjoy listening to K-LOVE radio because it is uplifting and inspiring, unlike alot of radio station on my local dial.

I have learned that if the FCC allows LPFM, my local K-LOVE or other K-LOVE stations might be displaced by other programming that is contradictoring to my K-LOVE program that I enjoy listening to.

K-LOVE is a wholesome program that is uplifting and inspiring to me and other friends that I know that listen to the program. I know the service that K-LOVE provides to it's listeners is in the public interest and is a positive influence to people of all ages.

Please consider my comments to not displace my K-LOVE broadcast with a LPFM broadcaster providing other programming.

Please reply back to me concerning your thoughts on this FCC rule.

Thanks again,

Robert Sherrard
